A county community picnic was held at the Jewett school on Saturday, August 19th, which was pronounced by those present as being one of the most helpful in community betterment that has ever been held in this county. Contests of various kinds were entered into with enthusiasm and a splendid spirit of rivalry which brought out some good records. Prizes which were worthy of effort were offered in each event. One notable contest for the ladies was given for the best recipe for making an apple pie. Nine ladies entered the contest and some of the recipes were well worthy of publication. Prof. J. W. Whitehouse, of Berea College, and Rev. Frank L. Miller, of Crossville, gave splendid service in making the games and contest a valuable feature of the occasion. Prof. Whitehouse and Dr. J. H. Miller, of Lebanon, each gave an address fitting the time and place. A long table had been prepared which at the noon hour was so filled with good things to eat that it literally groaned with the weight of them. Enough and to spare would not describe the scene but the amount was speedily reduced by the large crowd. A vote was given by all present to repeat the picnic another year.
